

Steps for using Universal Mounting Strips for mounting EyeRIS on Projectors

EyeRIS Customized Mounting Kit

Fix EyeRIS 7090UST using single Screw
Provided in the EyeRIS box

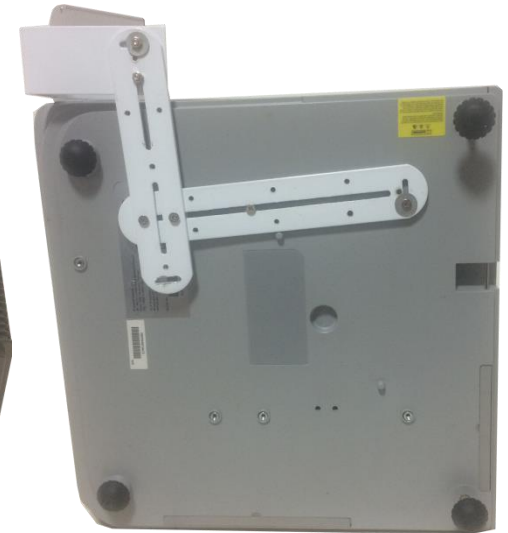

Fix the smaller strip to clamp
with two screws.

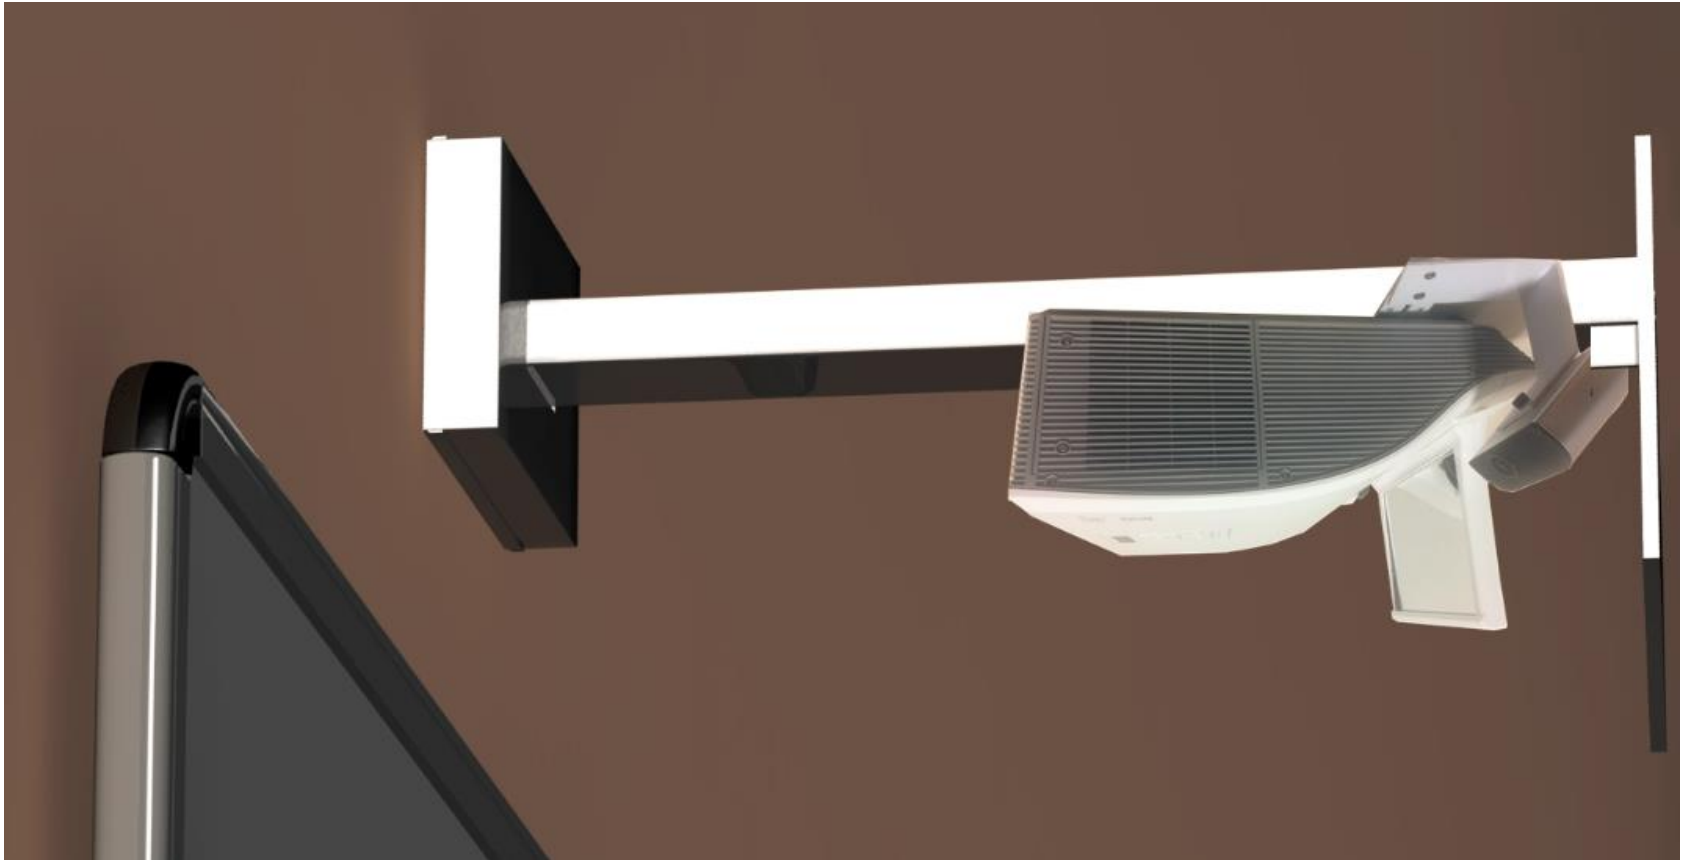

Now Fix the second strip with the Smaller strip.

Now Fix the this arrangement at the bottom of the projector's mounting hole (using projector's Wall mount kit screws)

Now this combo is ready to Mount using Standard Wall Mount Kit

Thank you !!!
